Research Interests

Complex dynamics in higher dimensions, with emphasis on the dynamics of holomorphic correspondences and the equidistribution of periodic points.

Employment

National University of Singapore

Aug. 2026 – Oct. 2026

Research Associate

Education

National University of Singapore

Aug. 2021 – Jun. 2026

Ph.D. in Mathematics

Supervisor: Tien-Cuong Dinh

Peking University

Sept. 2016 – Jul. 2020

B.Sc. in Mathematics and Applied Mathematics

Publications and Preprints

[1] On the laminarity of Green currents for holomorphic correspondences on projective surfaces (with Marco Vergamini) in preparation.

[2] Equidistribution of saddle periodic points for automorphisms on compact Kähler manifolds (with Qi Zhou) preprint, [arXiv:2609.30204](https://arxiv.org/abs/2609.30204).

[3] Green currents of holomorphic correspondences on compact Kähler manifolds (with Marco Vergamini) preprint, [arXiv:2603.06093](https://arxiv.org/abs/2603.06093).

[4] Equidistribution of saddle periodic points for Hénon-like maps (with Qi Zhou) accepted by **J. Eur. Math. Soc.**, [arXiv:2502.20103](https://arxiv.org/abs/2502.20103).

[5] Equidistribution of graphs of holomorphic correspondences
Proc. Amer. Math. Soc., 153 (2025), 2579–2589.

Talks

Analysis, Dynamics and Geometry Seminar

Sept. 2025

Université d'Orléans, Orléans

Rencontre de l'ANR DynAtrois <i>Institut de Mathématiques de Bourgogne, Dijon</i>	Sept. 2025
Complex Geometry & Dynamics @ Lille 2025 <i>Université de Lille, Lille</i>	Sept. 2025
Geometry Seminar <i>Università di Pisa, Pisa</i>	Jul. 2025
Complex Geometry, Complex Analysis and Dynamics 15-minute short talk, <i>CIRM, Marseille</i>	Jul. 2025
Geometry, Topology and Dynamics Seminar <i>National University of Singapore, Singapore</i>	Mar. 2025

Awards

Faculty of Science PhD Conference Award <i>National University of Singapore</i>	2025
NUS Research Scholarship <i>National University of Singapore</i>	2021
Yizheng Alumni Scholarship <i>Peking University</i>	2018

Services

Journal of Geometric Analysis, Acta Mathematica Vietnamica	Referee
Co-organizer for "Conformal Field Theories: Randomness and Geometry" <i>Institute for Mathematical Sciences, Singapore</i>	May 2026

Teaching Experiences

Teaching Assistant, MA1521: Calculus for Computing (NUS)	Fall 2025
Teaching Assistant, MA1521: Calculus for Computing (NUS)	Spring 2025
Teaching Assistant, MA2101: Linear Algebra II (NUS)	Spring 2024
Teaching Assistant, MA1521: Calculus for Computing (NUS)	Spring 2023

Invited Conferences

Rencontre de l'ANR DynAtrois <i>Institut de Mathématiques de Bourgogne, Dijon</i>	Sept. 2025
Complex Geometry & Dynamics @ Lille 2025 <i>Université de Lille, Lille</i>	Sept. 2025

Arithmetic Dynamics and Diophantine Geometry <i>National University of Singapore, Singapore</i>	Aug. 2025
Complex Geometry, Complex Analysis and Dynamics <i>CIRM, Marseille</i>	Jul. 2025
From Complex Analysis to Quantization <i>Chern Institute of Mathematics, Tianjin</i>	May 2025
Conference in memory of Jean-Pierre Demailly <i>Fourier Institute, Grenoble</i>	Jun. 2024
Facets of Complex Dynamics <i>Institut de Mathématiques de Toulouse, Toulouse</i>	Jun. 2023
Conference on Complex Analysis, Complex Geometry and Dynamics, in memory of Nessim Sibony <i>Université Paris-Saclay, Paris</i>	Dec. 2022
